INDEPENDENT AUDITOR'S REPORT

Board of Directors

St. Thomas Historical Trust, Inc.

I have sudited the accompanying financial statements of St. Thomas Historical Trust, Inc., which comprise the statements of financial position as of September 30, 2014 and 2013, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An sudit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of St. Thomas Historical Trust, Inc. as of September 30, 2014 and 2013 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

St. Thomas Historical Trust, Inc. Notes to Financial Statements September 30, 2014 and 2013

Note 1 - Nature of Operations and Summary of Significant Accounting Policies

St. Thomas Historical Trust, Inc. (STHT) is a nonprofit organization incorporated in the U.S. Virgin Islands. The Organization's mission is to identify, protect and preserve the historical identity, structure and sites, and cultural heritage of St. Thomas through education, advocacy and promotion.

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of presentation - The Organization maintains its accounts on an accrual

<u>Property, furniture and equipment</u> - Property, furniture and equipment is stated at cost or estimated value at time of contribution. Depreciation is calculated using the straight line and declining balance methods over the estimated useful lives of the assets.

Collectibles - Collectibles are stated at cost or estimated value at time of contribution.

Financial Statement Presentation - The Organization reports information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted.

<u>Contributions</u> - Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted depending on the existence or nature of any donor restrictions. When a donor restriction expires, that is when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activity as net assets released from restrictions.

In-Kind Contributions - In-kind contributions meeting the criteria for recognition in the financial statements are recorded at fair value. Donated services are recognized if the services 1) create or enhance nonfinancial assets or 2) require specialized skill, are performed by people with those skills and would otherwise have to be purchased by the Organization. Many volunteers also provide services that are not recognized as contributions in the financial statements since the recognition criteria was not met.

<u>Grants</u> - Grant income is recorded in the period earned. Expenditures chargeable to grants are recorded in the period incurred.

Allocated Expenses - Certain expenses by function have been allocated among program and supporting services classifications on the basis of estimates made by the Organization's management.

<u>Estimates</u> - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.
